

PGDC

PGDC Welcomes New Horizons Telecom, Inc.

Port Graham, AK, Sept. 3, 2003 - Port Graham Development Corporation (PGDC) now offers expanded telecommunication, engineering, construction and other professional service offerings by teaming with New Horizons Telecom, Inc. (NHTI), a full-service engineering, program management, installation, and construction firm with over 25 years of experience in Alaska and the Continental United States. PGDC is a wholly owned subsidiary of Port Graham Corporation, the ANCSA (Alaska Native Claims Settlement Act) Corporation located in Port Graham, Alaska on the Kenai Peninsulas southern coast at the confluence of Cook Inlet and Kachemak Bay.

PGDC was recently 8(a) certified through the U.S. Small Business Administration, Business Development Program. Certification affords PGDC the ability to pursue federal contract opportunities through self-marketing efforts and teaming arrangements like the agreement with NHTI. PGDC is pleased to be teaming with NHTI, a firm with an outstanding reputation in the telecommunications industry, and a commitment to excellence in all aspects of corporate operations.

NHTI Background

Founded in 1978, the NHTI mission was to bring modern telecommunication services to remote Alaskan villages. Now, over 25 years later, NHTI has completed over 1,000 communication and other projects in every region of Alaska, across the United States, Europe, the Far East, and the South Pacific. This project diversity has given NHTI one of the most reliable logistics networks in the industry. They have now evolved to a team of over 100 professionals committed to providing outstanding customer service and support over a wide range of service offerings.

NHTI Commitment to Excellence

ISO 9001:2000 certified, NHTI's Quality Management System strives to lower costs, optimize efficiency, improve quality and ensure customer satisfaction. NHTI is also the recipient of the prestigious IEEE USA Professional Achievement Award.

NHTI Service Offerings
